Abundant Life Foods acknowledges that we use ingredients that are certified to be Non-GMO by our suppliers.

Meelunie America, Inc.
26105 Orchard Lake Rd. Ste. 210
Farmington Hills, MI 48322
Phone: 248-957-0200
Fax: 248-957-0201

Non GMO

Product: Tapioca Starch

We hereby certify our product tapioca starch being produced directly from tapioca and under supervision of an HACCP quality assurance System, according to, General Food Law EG VO Nr. 178/2002.

Together with this we would like to confirm that the tapioca starch supplied by Meelunie B.V., are **not genetically modified** as defined in the following regulations:

- Regulation (EC) No 1829/2003 of the European Parliament and of the Council of 22 September 2003 on genetically modified food and feed;
- Regulation (EC) no 1831/2003 of the European Parliament and of the Council of 22 September 2003 concerning the traceability and labelling of genetically modified organisms and the traceability of food and feed products produced from genetically modified organisms and amending Directive 2001/18/EC.

In the manufacturing process of the tapioca starch products no gene-modifying techniques, nor are the raw materials, ingredients or processing aids made with help of genetic modification are used, as far as our knowledge goes.

Non-GM declaration for rice flours, rice syrups and rice proteins

All BENE0-Remy rice flours, syrups and proteins are derived from non-genetically modified rice. The use of GM rice in accordance with the definition of Art. 2 of Regulation (EC) No 1829/2003 on *genetically modified food and feed* and Art. 3 of Regulation (EC) No 1830/2003 *concerning the traceability and labelling of genetically modified organisms, and food and feed products produced from modified organisms* is prohibited in Europe. This definition is equivalent to that given in Art. 2(2) of Directive 2001/18/EC with the exception of methods listed in its Annex 1B.

BENE0-Remy has thus installed an extensive preventive programme to exclude the incidental processing of GM rice including pre-shipment sampling and GM testing of Non-European rice in accordance with Commission Recommendation 2004/787/EC, Commission Decision 2008/289/EC (latest amendment) and Commission Decision 2006/601/EC (latest amendment) as well as verification measures.

Thus, we confirm

- (a) that BENE0-Remy rice flours, proteins and syrups are neither genetically modified organisms (GMO) according to above definitions
- (b) that BENE0-Remy rice flours, proteins and syrups neither consist of GMOs, nor are they manufactured from or with the help of GMOs according to above definitions

Apart from rice, BENE0 Remy itself does not take provision/documentation for the use/non-use of GM-derived products as listed in Art. 9(1) of Regulation (EC) No. 834/2007 that refer to plant protection products, fertilisers, soil conditioners, and vegetative propagating material used to grow rice unless they are processed from "organic rice".
